

## Maze-A-Rama!

Sheets Provided By

### Simple Supplies:

- Internet Connection
- Home Printer
- Paper
- Pencil or Pen

\*Tip – In addition to the provided mazes in this activity packet, feel free to check out KrazyDad at [www.krazydad.com](http://www.krazydad.com) for more cool mazes ranging from easy to crazy hard and more!

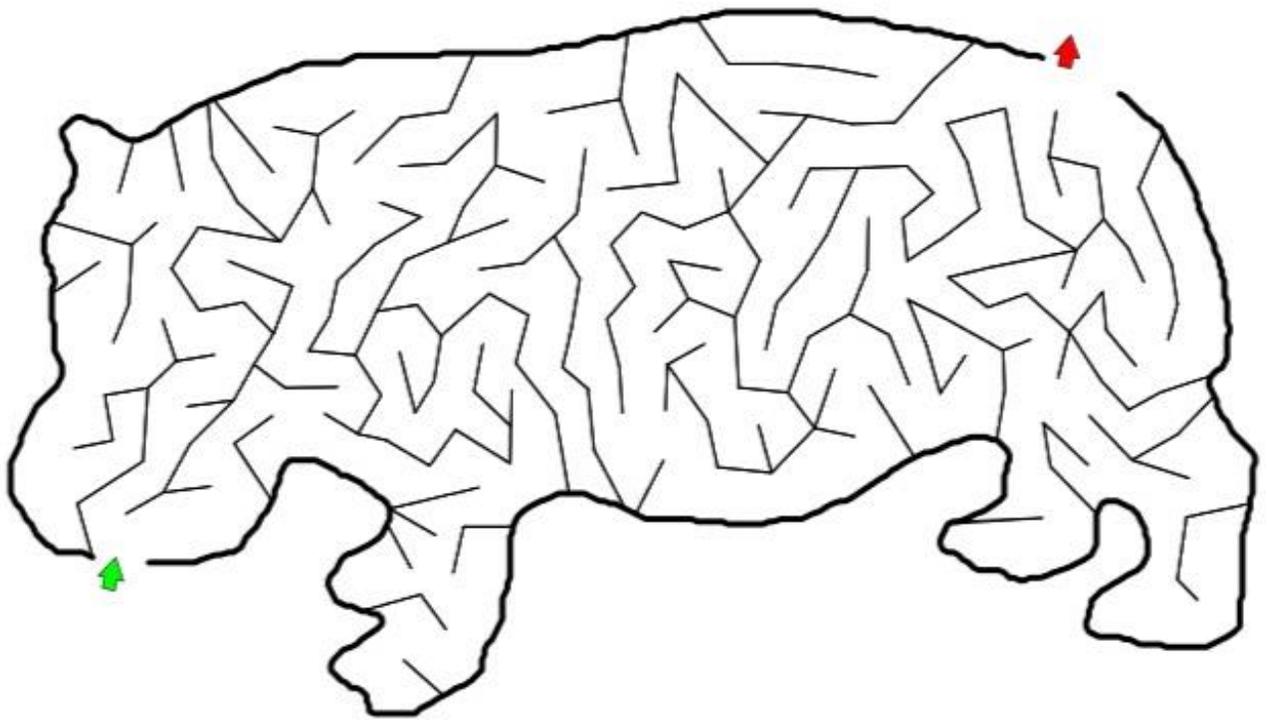

**Steps:** Because everything needs instructions!

- Download the Maze-A-Rama Packet file from our website.
- Print out the Maze-A-Rama Packet.
- Have your child select the maze of their choice and provide them with a pencil or pen (for those with no fear of getting lost in the maze).

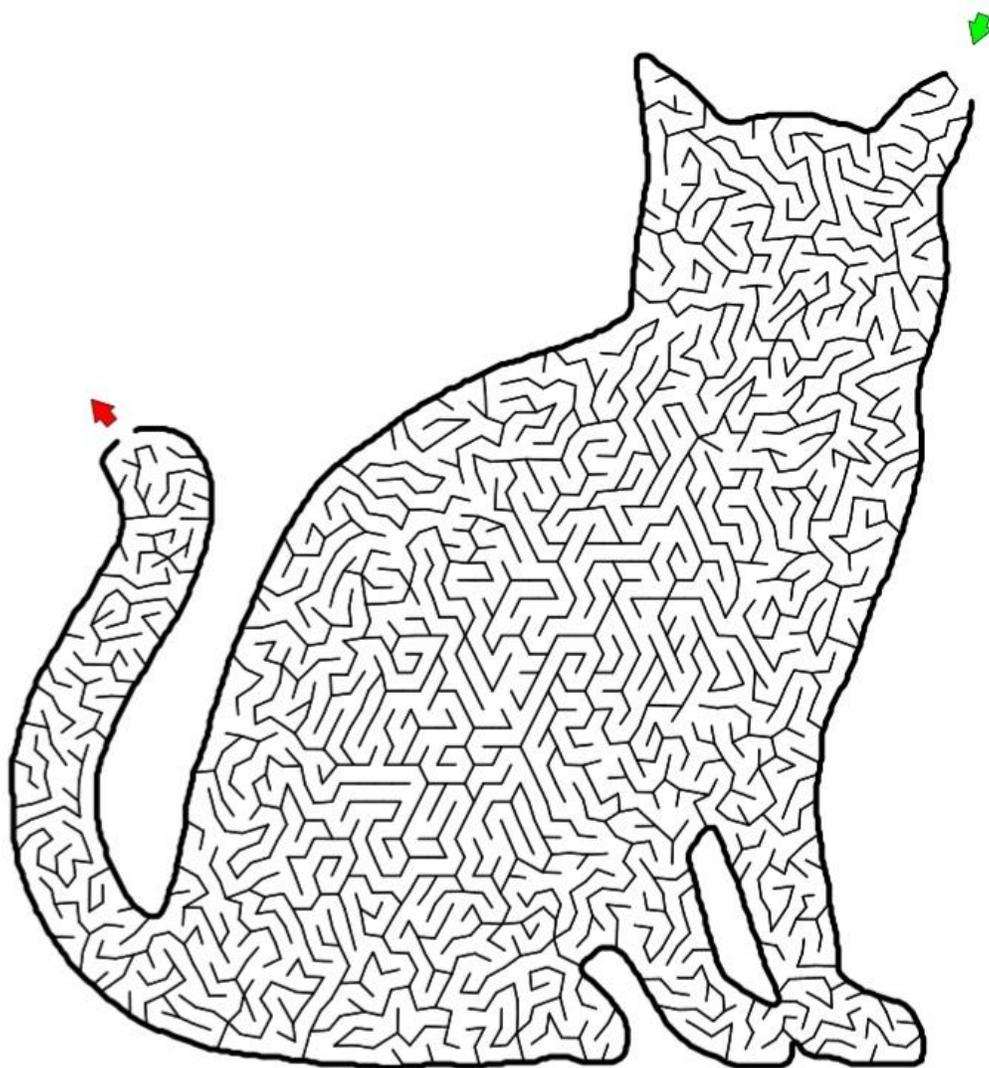

### Fun Things to Try:

- Race Challenge – Select the same maze, preferably a maze that none of the racing children (or adults) have done before. Then start with a count down and go!
- Time Limit Challenge – Select a maze and see if your kiddos can finish the maze in the selected amount of time.
- Flip Maze Challenge – Select a maze as normal, but this time, start from the end and finish at the start!
- Custom Maze – Using these mazes as inspiration, have your children design their own mazes for others to use.
